AICTE ACTIVITY PRESENTATION

Submitted By:

YEALENA BARMAN – 1HK22IS125

AGENDA:

- Introduction
- Activity 1: Swachh Bharat Activity
- Activity 2: National Pulse Polio Programme
- Activity 3: Creating an Awareness Regarding Rainwater Harvesting in Urban and Rural Areas
- Activity 4: Waste Segregation Drive
- Activity 5: Promotion of Appropriate Technologies
- Conclusion

Introduction:

What Are AICTE Activities?

- AICTE (All India Council for Technical Education) encourages institutions to undertake activities that promote **education, sustainability, innovation, and social development**.
- These activities are designed to **bridge societal gaps, improve skill development, and enhance awareness** in key areas that impact both urban and rural communities.

Why These Activities Matter?

- **Education & Employment:** Strengthening academic skills and career pathways for students.
- **Sustainability & Environment:** Promoting responsible waste disposal and water conservation to create cleaner communities.
- **Technology & Financial Inclusion:** Encouraging digital payments to enhance financial security and accessibility.
- **Community & Economic Development:** Supporting local tourism and industries to boost economic growth.

Activity 1 – Swachh Bharat Activity

Objective:

- Promote cleanliness, hygiene awareness, and community participation under the Swachh Bharat Abhiyan initiative.

Contributions:

- Conducted cleanliness drives in public areas and school premises.
- Created awareness about waste segregation, recycling, and proper disposal methods.

Achievements & Results:

- ✓ Conducted cleanliness drives in public areas and school premises.
- ✓ Increased awareness about the importance of sanitation and waste management.
- ✓ Encouraged active participation of students and local residents in maintaining a clean environment.

Conclusion:

- This activity contributed to building responsible citizens, improving public health, and supporting the vision of a cleaner and healthier India under the Swachh Bharat mission.

Snapshots

Activity 2 – National Pulse Polio Programme

Objective:

- Support the eradication of polio by creating awareness and encouraging immunization among children under five years of age.

Contributions:

- Participated in polio awareness campaigns and assisted health workers during immunization drives.
- Spread awareness among parents about the importance of administering polio drops.
Helped in organizing booths and guiding families to vaccination centers.

Achievements & Results:

- ✓ Increased awareness about polio prevention and immunization.
- ✓ Improved participation of parents in vaccination drives.
- ✓ Contributed to strengthening community health and disease prevention efforts.

Conclusion:.

- This activity supported the goal of a polio-free India by promoting immunization, enhancing public health awareness, and encouraging community involvement in national health initiatives.

Activity 3 – Creating an Awareness Regarding Rainwater Harvesting in Urban and Rural Areas

Objective:

- Promote awareness about the importance of rainwater harvesting to conserve water and ensure sustainable water management in both urban and rural areas.

Contributions:

- Conducted awareness sessions on the benefits and methods of rainwater harvesting. Demonstrated simple and cost-effective techniques suitable for households and communities.
- Distributed informational materials and encouraged residents to adopt water conservation practices.

Achievements & Results:

- ✓ Increased awareness about water scarcity and the need for conservation.
- ✓ Encouraged households and institutions to implement rainwater harvesting systems.
- ✓ Strengthened community participation in sustainable water management practices.

Conclusion:

- This activity contributed to promoting environmental sustainability, reducing water scarcity, and encouraging responsible water usage in urban and rural communities.

Snapshots

Activity 4 – Waste Segregation Drive

Objective:

- Promote awareness about proper waste segregation at source to ensure effective waste management and environmental sustainability.

Contributions:

- Organized a waste segregation drive in the community/school premises.
- Educated participants about separating biodegradable and non-biodegradable waste. Demonstrated proper disposal methods and encouraged the use of separate bins for dry and wet waste.

Achievements & Results:

- ✓ Increased awareness about the importance of waste segregation.
- ✓ Improved cleanliness in the surrounding areas.
- ✓ Encouraged responsible waste disposal habits among students and community members.

Conclusion:

- This activity contributed to better waste management practices, reduced environmental pollution, and promoted a cleaner and healthier community.

Snapshots

Activity 5 – Promotion of Appropriate Technologies

Objective:

- Promote the use of appropriate, cost-effective, and sustainable technologies to improve quality of life and support community development.

Contributions:

- Created awareness about simple and affordable technologies suitable for local needs.
- Demonstrated eco-friendly solutions such as energy-saving devices, water conservation methods, and sustainable agricultural practices.

Achievements & Results:

- ✓ Increased awareness about sustainable and affordable technologies.
- ✓ Encouraged adoption of environmentally friendly and resource-efficient practices.
- ✓ Strengthened community participation in technological innovation and development.

Conclusion:

- This activity contributed to promoting sustainable development, improving living standards, and encouraging the responsible use of technology for social and environmental benefit.

Snapshots

Overall Impact & Conclusion

- ✓ Improved **education quality and vocational training opportunities.**
- ✓ Enhanced **waste management, digital transactions, and water conservation.**
- ✓ Strengthened **local tourism and economic opportunities.**
- ✓ Fostered **community engagement and sustainable development.**
- ◆ **"Together, we create a lasting impact through education, innovation, and community-driven solutions."**

The background of the slide features a large, light blue circular logo for the HKPolyU College of Engineering. The logo contains a shield with a gear and an open book, flanked by the words 'DISCIPLINE' and 'DEDICATION'. Below the shield is a banner with the text 'DETERMINATION' and 'GO ON INTO BE MORE KNOWLEDGE'. The outer ring of the logo reads 'HONG KONG POLYTECHNIC UNIVERSITY COLLEGE OF ENGINEERING' and 'Pursuit of Knowledge is Eternal'.

THANK YOU
